

Advertisement for Pre-Qualifications

Bidder's Pre-Qualification for Storm Water System Repairs Located Throughout Macon, Georgia

Macon Water Authority

Macon Water Authority requests bidder's to apply for pre-qualification for Storm Water System Repairs located throughout Macon, Georgia. Qualification documents must be delivered sealed in an envelope or package and will be received at the office of Macon Water Authority - Engineering Department, 537 Hemlock Street, Macon, Georgia 31202, until 2:00 p.m., local time, on Tuesday, February 23, 2021, and then at said location, the applications will be publicly opened.

Anticipated work will include open cut point repairs and replacement to the storm water system including structures and pipes. Work may occur on a planned basis and include multiple open cut point repairs/replacement or on an emergency basis and include an individual location for repair. Contractor will be responsible for system cleaning, CCTV inspection, excavation, bypass pumping (if necessary), pipe cleaning, repair and/or replacement, catch basin cleaning, repair and/or replacement, backfill, traffic control (if necessary), and site restoration. Site restoration shall include, but may not be limited to, grading, grassing, asphalt road/drive repair, gravel/concrete drive repair, sidewalk and/or curb & gutter.

The Pre-Qualification document may be examined at the following:

Macon Water Authority
537 Hemlock Street
Macon, GA 31202

Barge Design Solutions, Inc.
1201 Front Avenue, Suite F
