- 1. In GA we have our Electrical contractor and master plumber license. Please let me know if you feel that these meet the requirements for the RFP.**

Answer:

MWA agreed that a Georgia Utility Contractor License and/or a Class II (Non-Restricted) Master Plumber License will be acceptable for the project.

- 2. A contractor's license is required to conduct the scope of work. Can you tell me which license is needed?**

Answer: See question No.1
