BY: _____

- Recommendation fo Award: EH Wachs is awarded for the Valve Maintenace Trailer in the amount of \$98,496.00. They met all specifications.
- Carter's Equipment submitted the lowest bid in the amount of \$89,854.70; however, the bid was determined to be non-responsive because the equipment offered was not the equipment specified in the bid solicitation. In addition, the proposed equipment is not compatible with the existing Valve Maintenance Trailers currently in service, which could create operational and maintenance challenges.
